

SERVICE LETTER

No. 786A

Piper Aircraft Corporation

Lock Haven, Pennsylvania, U.S.A.

August 31, 1976 M

(Supersedes and voids Service Letter No. 786 dated August 10, 1976)

Subject:

Refined Engine Mount Assembly

Reason for Revision:

Corrected price data (ref.: Material Required numbers 1 and 3 below)

Models Affected:

PA-23-250 (6 place) Aztec

Serial Numbers Affected:

27-2505 to 27-4853 (normally-aspirated only)

Compliance Time:

At owner/operator's discretion.

Purpose:

The engine mount used on the Aztec aircraft has undergone evaluation and analysis and has been refined as a result of this program in the interest of extended service life. This mount was incorporated on aircraft commencing with serial number 27-4854. We are now offering this mount as a replacement for the above listed Aztec aircraft. A logical time to make this engine mount change would be when engine or engines on your aircraft are changed due to normal maintenance and overhaul.

Instructions:

Contained in Engine Mount Replacement Kit, Piper part number 760 598 (ref. Material Required, below.)

Material Required:

1. One (1) each per aircraft Engine Mount Assembly, Piper part number 33261-00 (left) @ suggested unit list price \$793.00E;
2. One (1) each per aircraft Engine Mount Assembly, Piper part number 33261-01 (right) @ suggested unit list price \$790.00E; and
3. One (1) each per engine mount assembly Engine Mount Replacement Kit, Piper part number 760 598 @ suggested unit list price \$53.45C. This kit contains material and instructions necessary to adapt the subject mounts to earlier configuration aircraft (involving replacement and rerouting of fuel hoses, rerouting of engine control cables, etc.).
